GENERAL DEPARTMENT.

NOTIFICATIONS.

The 22nd December 1880.

No. 113.—The following Resolution of the Government of India, Department of Finance and Commerce, is published for general information :—

Department of Finance and Commerce, Resolution No. 3646, dated Simla, the 13th November 1880.

The Presidency Municipalities, the Trustees of the Port of Bombay, and the Commissioners for making improvements in the Port of Calcutta, are empowered, by the Enactments constituting or incorporating them, to borrow money for certain purposes by way of Debenture, on the security of the Rates, Taxes or Dues which they are authorized to levy or impose.

2. Under the Local Authorities Loan Act, other Bodies Corporate and Municipalities may also be authorized to borrow money upon the security of the Funds which they administer or the Taxes which they levy.

3. The Bonds or Debentures issued by all these Bodies, and Coupons issued with such Debentures, are, in the absence of any special exemption, chargeable with Stamp Duty, at the rate of about ½ per cent.

4. The question whether Stamp Duty is chargeable on the renewal and sub-division of such Debentures, is open to argument; but whether Stamp Duty is chargeable in such cases or not, the interests of the Stamp Revenue necessitate the attendance of the parties at the Office of the Collector of Stamp Revenue, in order to the stamping (without charge) of the new Debentures. The Government of India is not willing to relieve such Debentures altogether from the payment of Stamp Duty; but it is prepared to exempt Coupons issued with them from the separate payment of duty, and is anxious to remove, as far as is compatible with the due protection of the Stamp Revenue, the inconvenience occasioned to the Debenture Holders by the necessity for attendance at the Stamp Office on each case of renewal or sub-division.

5. His Honor the President in Council thinks that these objects may be attained if the above mentioned Bodies Corporate are willing, on the issue of any Debentures, to compound for the Stamp Duty chargeable thereon by the payment in a lump sum of ½ per cent on the total amount of the Loan. There is no special provision in the law authorizing such a composition; but on payment by any of the Corporate Bodies referred to, under such a composition, the Government of India will exempt the Debentures from any Stamp Duty with which they might otherwise be chargeable whether on issue, renewal or sub-division.

6. The payments made under such compositions will be credited to Stamp Revenue.

The 27th December 1880.

The manufacture of jaggory will be carried on only in such localities and under such conditions as the Deputy Commissioner may fix from time to time.

IX. The lessee will have no claims to compensation or remission on account of any arrangements which may be made by Government in regard to beer or other descriptions of liquor or spirit than toddy. The Chief Commissioner reserves to himself the power to terminate the lease as regards any parts of the District on public grounds, awarding a reasonable compensation for the same.

The privilege will not include the manufacture or sale of toddy, of European wines and spirits, or of beer, or of Akkiboja or spirit distilled from paddy in the Malnad Taluks of the Shimoga and Kadur Districts.

2. The tenders are to specify the minimum revenue which the tenderers will guarantee yearly to Government, and the rates of duty inclusive of the local cess of one anna which they are prepared to pay to Government on the arrack issued for consumption in the Town and Cantonment of Bangalore and in the Districts respectively, the wholesale prices at which the arrack is to be issued by the contractors being fixed as hereinafter provided for.

3. Each tender must be accompanied by a deposit of Rs. 1,000 in cash or in Government securities and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the manufacture and wholesale vend of arrack," and must be sent to the Deputy Commissioner of the Bangalore District, so as to reach him on or before the 7th February 1881, after which no tender will be received. The tenders will be opened by the Deputy Commissioner at his Office at 12 o'clock noon on the 7th February 1881, in the presence of the applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

4. The applicants, whose tenders are selected by the Deputy Commissioner for recommendation to the Chief Commissioner, will be required to deposit at once, in cash or in Government securities, a sum equal to $\frac{1}{12}$th (or one month's instalment) of the minimum annual revenue guaranteed by them, failing which, the deposit made with the tenders will be forfeited.

5. The applicant, whose tender may be finally accepted by the Chief Commissioner, shall, within 8 days of the acceptance of his tender being communicated to him, deposit with the Deputy Commissioner, a further sum in cash or in Government securities to make up with the deposits previously made, a sum equal to one-fourth of the yearly revenue guaranteed, and shall execute an agreement in the usual form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement or to make the deposit required, the deposits already made will be forfeited to Government and the contract otherwise disposed of.

Conditions.

I. The minimum annual revenue guaranteed shall be payable to Government in twelve equal monthly instalments. The contractor shall pay into the District Treasury of Bangalore the whole amount of the duty inclusive of the local cess payable to Government at the rates engaged for by him on the arrack issued from the Distillery in each month on or before the 15th of the following month. If the duty payable on the issues of arrack up to the end of any month be not sufficient to make up the amount of the monthly instalments of the minimum guaranteed revenue up to that month, the contractor shall pay such further sum as may be required to make up the deficiency. If the above payments are not made on or before the 15th of the month following that for which they are due, interest at the rate of 6 per cent per annum will be charged from that date on all the arrears outstanding; and should the default continue after the lapse of the month in which the payments are due, the arrears with the interest due shall be recovered by attachment and sale of the property of the contractor in the manner provided for by the rules in force for the recovery of arrears of land revenue. And it shall further be at the discretion of the Deputy Commissioner with the Chief Commissioner's sanction, to declare the contract cancelled and to take the deposit made by the contractor as a forfeiture to Government.

II. The accounts for each year shall be closed separately. If the duty payable to Government on the arrack issued during the year exceed the minimum revenue guaranteed for the year, the contractor will be allowed a deduction from the duty payable by him equal to one anna in the rupee on the amount of such excess. But the excess of one year will not be available to make up any deficiency in the amount of the guaranteed revenue of any other year of the contract.

III. The contractor or the licensed distiller will be required to manufacture arrack within the enclosure of the Government Distillery near Bangalore, or at such other place as may be fixed by the Deputy Commissioner, and to establish wholesale depôts in such places as shall be appointed by the Deputy Commissioner. The Distillery and Depôts shall be open at all times for inspection by the Deputy Commissioner or any official appointed for that purpose. No arrack shall be taken out of the Distillery until it has been gauged and tested by an official appointed for that purpose. The contractor will further be required to pay monthly to Government, a rent of Rs. 81 for the use of the Distillery buildings, calculated at the rate of 6 per cent interest on the value of those buildings; and to keep the said buildings in a state of thorough repair. The contractor shall take over any arrack distilled by the previous contractors which may remain as stock on hand on the 1st of April 1881, paying to them such compensation for the same as may be fixed by the Deputy Commissioner with the sanction of the Chief Commissioner.

IV. The arrack manufactured shall be of good quality. The articles used in distilling shall be approved by the Deputy Commissioner and be of good quality, and shall be shewn to, and passed by, the Distillery Supervisor or other official appointed for the purpose before being received into the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack after it has been made.

V. The contractor shall keep true and correct accounts of his receipts and disbursements, and of the quantity and strength of the spirits manufactured, received and issued in the Distillery and in each Depôt, and produce them whenever required to do so for inspection by the Deputy Commissioner or any official appointed for the purpose.

VI. The distiller shall be bound always to have a month's supply and not less than 11,000 gallons of liquor in store, and in order that this may be the case from 1st April 1881, he will be allowed to commence distilling before that date, provided that no liquor so distilled shall be sold or passed out of his custody or that of his employés before the 1st April 1881

The contractor shall be allowed to have wholesale shops in all kasbas and large towns approved of by the Deputy Commissioner, (a list of which will be furnished by the Deputy Commissioner on application) and shall pay the prescribed license fee of Rs. 2 per shop per month.

VII. The contracter shall not sell arrack by retail either in the Distillery or in the wholesale shops.

VIII. The retail shops will be under the management of the Deputy Commissioners of the Districts, and in Municipal towns, where so ordered by the Chief Commissioner, under the Municipal President or Vice President of such towns; and no new retail shops shall be opened, except with their sanction and at the places appointed by them, and they are competent to order any shops to be closed on grounds of public expediency without any claim to compensation on the part of the contractor.

IX. Licenses for the retail shops will be issued in the usual form by the above officers on payment of such rates of license fees as may from time to time be fixed by the Chief Commissioner.

The licenses will provide for the sale of the arrack at the regulated prices and at the prescribed strength and for other necessary conditions. The retail vendors will be required to procure their liquor from such wholesale shops as may be named by the contractor. They will also be required to permit the contractor or his agent or any public servant duly authorized free access to their shops in order to see that no irregularities take place, and to keep true and correct accounts of the quantity and strength of liquor received by them each day, and the prices charged for the same, and to produce the accounts for inspection whenever required by the contractor or his agents, or any Government official authorized to call for them.

X. The following rules regarding the issue of the arrack from the Distillery shall be observed :—

(*a*.) No arrack shall ordinarily be issued at a strength above 20° under proof ; but should the distiller or retail vendor desire to issue at a higher strength than the above, the spirit so issued shall not be of a greater strength than proof, except on special passes granted by the Deputy Commissioner.

(*b*.) All liquor issued at a strength above 20° under proof and up to proof shall be charged the duty on proof, the rate on above proof being raised proportionately.

(*c*.) No spirit below 20° under proof shall be ordinarily issued from the Distillery, but should there be a demand for liquor of lower strength than 20° under proof, liquor at 30° under proof may be specially issued from the Distillery at proportionately reduced rates of duty, such liquor being kept and accounted for separately both in the wholesale depôts and in the retail shops.

XI. The arrack shall be sold as issued from the Distillery and shall not be adulterated or diluted in any manner either in the wholesale or retail shops.

XII. The prices at which the arrack shall be sold (unadulterated and undiluted) at the wholesale and retail shops shall be according to the following scale:—

		Proof.						20° Under Proof.						30° Under Proof.					
		Per Gallon.			Per Dram.			Per Gallon.			Per Dram.			Per Gallon.			Per Dram.

XIII. On account of wastage, a discount or deduction of 2 per cent shall be allowed on the duty payable on liquor issued from the Distillery for sale beyond the Municipal limits of the Town and Cantonment of Bangalore.

XIV. The contractor shall cause every person whom he may employ to superintend Distilleries or wholesale shops or depôts, to execute previous to such employment, such engagements as are compatible with the above conditions, and such engagements shall be deposited with the Deputy Commissioner within one month from the 1st April 1881. He will moreover use his best endeavours to secure on the part of all persons employed by him in the manufacture, carriage and sale of arrack, a strict adherence to the provisions of the engagements entered into by them, and of the law, and if it come to his knowledge that a breach of those provisions has been committed, he will bring the circumstance to the notice of the Deputy Commissioner of the District, in which the breach took place, in order that the penalties prescribed for the offence may be enforced, and further dismiss the offender from his service, if required so to do by the Deputy Commissioner.

XV. The contractor shall conform to any additional rules that may be prescribed, from time to time, by the Chief Commissioner, not inconsistent with the terms of the contract.

XVI. If any wilful breach of any of the above conditions is committed by the contractor, or at his connivance and privity by any of the men employed by him in the manufacture, carriage or sale of arrack, the Deputy Commissioner shall have power with the sanction of the Chief Commissioner, to cancel the contract and declare the deposit forfeited.

XVII. The Chief Commissioner is at liberty to authorize the manufacture or sale by separate contractors or otherwise, of Colombo arrack or any description of arrack other than that ordinarily manufactured by the contractor, allowing him a reduction in the amount of the guaranteed revenue equal to the amount of duty realized by Government on such arrack issued within the limits of the Districts comprised in the contract.

Proceedings of the Chief Commissioner of Mysore in the General Department, (Financial),—dated 15th December 1880.

From the Under-Secretary to the Government of India, Department of Finance and Commerce,
To the Chief Commissioner of Mysore, (through Foreign Department), No. 3475,
dated Simla, the 4th November 1880.,

I am directed to forward the accompanying extract from a letter from the Comptroller General, No. 1361, dated 30th September 1880, pointing out that delay in the disposal of applications for pension or gratuity is in many cases due to inattention to the Rules of the Civil Pension Code by the Head of the Office who submits the application.

2. The Government of India have repeatedly sought to mitigate the hardship which is occasioned to an officer retiring from the service, by delay in the settlement of his pension or gratuity; and in order that this object may be more completely secured, I am to request that—

Heads of Offices may be instructed to observe more carefully, than heretofore, the Rules in the Civil Pension Code, regarding the preparation and submission of applications.

Copy of this letter (without the extract) forwarded to the Comptroller General, with reference to his letter No. 1361, dated 30th September 1880.

Also, to the several Accountants General and Deputy Accountants General in independent charge for information.

Extract from a letter from the Comptroller General, to the Secretary to the Government of India, Department of Finance and Commerce, No. 1361, dated 30th September 1880.

I would suggest that the present return is hardly calculated to shew the actual causes of delay in passing pension cases through the necessary forms, as it shews only the facts connected with the very latest stage in the proceedings. Of course, my opinion, in such matters, may be a little prejudiced ; but I certainly think that the blame, in most cases, lies with Heads of Offices in preparing the papers, and in their disregarding the plain requirements of the Rules. I have also seen several cases delayed through the difficulty the Head of the Office finds in collecting verifications from other administrative officers.

I have procured the following statistics of work done by the Accountant General, Bengal, this year, which will support my view that the Account Offices are not those which are to blame for the delays.

One hundred and four applications have been returned by the Accountant General, Bengal, since 1st January 1880, because they were submitted to him by the Head of the Office without the prescribed verification statements of services. It seems to be one of the most elementary Rules in the Code that the first step which the Head of the Office has to take is to get a list of services and verify it (Section 83). The figure just given shews in what a large number of cases the Head of the Office prefers to fire off the whole case in an inchoate condition at the Accountant General.

The Accountant General also took a number of old pending cases on which he is just about to report to Government that he cannot get the local officers to answer his enquiries, and he finds that the average detention has been 10 months and 27 days in local offices, 27 days in Accountants General's Offices.

No. 6412-52—F. 621, DATED BANGALORE, 15TH DECEMBER 1880.

ORDERED that the foregoing letter from the Government of India be communicated to Heads of Departments for information and guidance.

Home Department Circular Nos. 43—1538 to 1546 (Public), dated the 29th September 1880, inviting an expression of the views of the several Local Governments and Administrations in regard to the departmental examinations to be prescribed for Native civilians.

Replies to the above Circular from the Governments of Madras, Bombay, the North-Western Provinces and Oudh, and the Panjab; the Chief Commissioners of the Central Provinces, British Burma, Assam, and Coorg, and the Resident at Hyderabad.

RESOLUTION.—Under the Rules sanctioned by Her Majesty's Secretary of State for regulating the appointment of Natives of India to offices ordinarily held by members of Her Majesty's Covenanted Civil Service, Native civilian probationers cannot, unless specially exempted by the Governor General in Council, be recommended for confirmation in the service until they have passed such examinations as may from time to time be prescribed by the Local Government, subject to the approval of the Government of India.

2. In consequence of certain enquiries and suggestions from the Government of Bengal as to the nature of the examinations to which probationers should be subjected, and as to the period to be allowed for passing them, Local Governments have been consulted on these points, and the Governor General in Council, after considering their replies, is pleased to rule that Native civilian probationers, appointed under the Statutory Rules, may be confirmed in their appointments at the close of the probationary period of two years, provided that they pass within that period the departmental examination by the lower standard prescribed for covenanted civilians appointed in England. With regard to the departmental examination by the higher standard, the Government of India does not consider it necessary to fix any obligatory period within which that examination must be passed by Native civilians appointed in India; but it should be understood that no promotion or increase of pay will be attainable until the higher standard examination has been passed; and, further, that the Governor General in Council reserves to himself power to dispense with the services of any Native civilian appointed under the Statutory Rules who may fail to pass by the higher standard within a reasonable time, and who, as a result of such failure, is found to be disqualified for the efficient discharge of his duties as a member of the Civil Service.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to all Local Governments and Administrations, and to the Department of Finance for information, and that it be published in the *Supplement to the Gazette of India.*

The privilege will not include the manufacture or sale of toddy, of European wines and spirits, or of beer, or of akkiboja or spirit distilled from paddy in the Malnad Taluks of the Shimoga and Kadur Districts.

2. The tenders are to specify the minimum revenue which the tenderers will guarantee yearly to Government, and the rates of duty inclusive of the local cess of one anna which they are prepared to pay to Government on the arrack issued for consumption in the Town of Mysore and in the Districts respectively, the wholesale prices at which the arrack is to be issued by the contractors being fixed as hereinafter provided for.

3. Each tender must be accompanied by a deposit of Rs. 1,000 in cash or in Government securities and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the manufacture and wholesale vend of arrack," and must be sent to the Deputy Commissioner of the Mysore District, so as to reach him on or before noon of the 11th February 1881, after which no tender will be received. The tenders will be opened by the Deputy Commissioner at his office at 12 o'clock noon on the 11th February 1881, in the presence of the applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

4. The applicants whose tenders are selected by the Deputy Commissioner for recommendation to the Chief Commissioner, will be required to deposit at once, in cash or in Government securities, a sum equal to 1/12th (or one month's instalment) of the minimum annual revenue guaranteed by them, failing which the deposit made with the tenders will be forfeited.

5. The applicant whose tender may be finally accepted by the Chief Commissioner shall, within 8 days of the acceptance of his tender being communicated to him, deposit with the Deputy Commissioner, a further sum in cash or in Government securities to make up with the deposits previously made, a sum equal to one-fourth of the yearly revenue guaranteed, and shall execute an agreement in the usual form on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to sign the agreement or to make the deposit required, the deposits already made will be forfeited to Government and the contract otherwise disposed of.

Conditions.

I. The minimum annual revenue guaranteed shall be payable to Government in twelve equal monthly instalments. The contractor shall pay into the District Treasury of Mysore the whole amount of the duty inclusive of the local cess payable to Government at the rates engaged for by him on the arrack issued from the Distillery in each month on or before the 15th of the following month. If the duty payable on the issues of arrack up to the end of any month be not sufficient to make up the amount of the monthly instalments of the minimum guaranteed revenue up to that month, the contractor shall pay such further sum as may be required to make up the deficiency. If the above payments are not made on or before the 15th of the month following that for which they are due, interest at the rate of 6 per cent per annum will be charged from that date on all the arrears outstanding; and should the default continue after the lapse of the month in which the payments are due, the arrears with the interest due shall be recovered by attachment and sale of the property of the contractor in the manner provided for by the rules in force for the recovery of arrears of land revenue. And it shall further be at the discretion of the Deputy Commissioner with the Chief Commissioner's sanction to declare the contract cancelled and to take the deposit made by the contractor as a forfeiture to Government.

II. The accounts for each year shall be closed separately. If the duty payable to Government on the arrack issued during the year exceed the minimum revenue guaranteed for the year, the contractor will be allowed a deduction from the duty payable by him equal to one anna in the rupee on the amount of such excess. But the excess of one year will not be available to make up any deficiency in the amount of the guaranteed revenue of any other year of the contract.

III. The contractor or the licensed distiller will be required to manufacture arrack within the enclosure of the Government Distillery at Kukarhalli near Mysore, or at such other place as may be fixed by the Deputy Commissioner, and to establish wholesale Depôts in such places as shall be appointed by the Deputy Commissioner. The Distillery and Depôts shall be open at all times for inspection by the Deputy Commissioner or any official appointed for that purpose. No arrack shall be taken out of the Distillery until it has been gauged and tested by an official appointed for that purpose. The contractor will further be required to pay monthly to Government, a rent of Rs. 66—4—6 for the use of the Distillery buildings, calculated at the rate of 6 per cent interest on the value of those buildings; and to keep the said buildings in a state of thorough repair. The contractor shall take over any arrack distilled by the previous contractors which may remain as stock on hand on the 1st of April 1881, paying to them such compensation for the same as may be fixed by the Deputy Commissioner with the sanction of the Chief Commissioner.

The articles used in distilling shall be approved by the Deputy Commissioner and be of good quality, and shall be shewn to, and passed by, the Distillery Supervisor or other official appointed for the purpose before being received into the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack after it has been made.

V. The contractor shall keep true and correct accounts of his receipts and disbursements, and of the quantity and strength of the spirits manufactured, received and issued in the Distillery and in each Depôt, and produce them whenever required to do so for inspection by the Deputy Commissioner or any official appointed for the purpose.

VI. The distiller shall be bound always to have a month's supply of liquor in store, and in order that this may be the case from 1st April 1881, he will be allowed to commence distilling before that date, provided that no liquor so distilled shall be sold or passed out of his custody or that of his employés before the 1st April 1881.

VII. The contractor shall be allowed to have wholesale shops in all kasbas and large towns approved of by the Deputy Commissioner, (a list of which will be furnished by the Deputy Commissioner on application) and shall pay the prescribed license fee of Rs. 2 per shop per month.

VIII. The contractor shall not sell arrack by retail either in the Distillery or in the wholesale shops.

IX. The retail shops will be under the management of the Deputy Commissioners of the Districts, and in Municipal towns, where so ordered by the Chief Commissioner, under the Municipal President or Vice-President of such towns; and no new retail shops shall be opened, except with their sanction and at the places appointed by them, and they are competent to order any shops to be closed on grounds of public expediency without any claim to compensation on the part of the contractor.

X. Licenses for the retail shops will be issued in the usual form by the above officers on payment of such rates of license fees as may from time to time be fixed by the Chief Commissioner.

The licenses will provide for the sale of the arrack at the regulated prices and at the prescribed strength and for other necessary conditions. The retail vendors will be required to procure their liquor from such wholesale shops as may be named by the contractor. They will also be required to permit the contractor or his agent or any public servant duly authorized free access to their shops in order to see that no irregularities take place, and to keep true and correct accounts of the quantity and strength of liquor received by them each day, and the prices charged for the same, and to produce the accounts for inspection whenever required by the contractor or his agents, or any Government official authorized to call for them.

XI. The following rules regarding the issue of the arrack from the Distillery shall be observed :—

The licenses will provide for the sale of the arrack at the regulated prices and at the prescribed strength and for other necessary conditions. The retail vendors will be required to procure their liquor from such wholesale shops as may be named by the contractor. No. 24.—The following paper is published for general information.

CIVIL SERVICE OF INDIA.

The Civil Service Commissioners have been requested to inform Candidates for the Indian Civil Service that, "in the event of their being appointed to the Service, a clause will be introduced into their Covenants, by which they will bind themselves to agree to such Regulations for the provision of pensions for their families as may be approved by the Secretary of State for India in Council."

REGULATIONS FOR THE OPEN COMPETITION OF JUNE 1881.

N. B.—The Regulations are liable to be altered in future years.

1. On the 2nd June 1881 and following days, an Examination, open to all qualified persons, will be held in London. (a) Not fewer than Candidates will be selected, if so many shall be found duly qualified; *viz.* for the Presidency of Bengal, [for the Upper, and for the Lower Provinces,] for that of Madras, and for that of Bombay.(b)

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

(i.) That he is a natural-born subject of Her Majesty.

(ii.) That his age will be above seventeen years and under nineteen years on the 1st June, 1881. [*N. B.—In the case of Natives of India this must be certified by the Government of India, or of the Presidency or Province in which the Candidate may have resided.*]

(iii.) That he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India.

(iv.) That he is of good moral character.

(v.) That he has paid such fee as may be prescribed under the provisions of the Order in Council of the 22nd March 1879.(c)

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate will be admitted to the Examination. The Commissioners may however, in their discretion, at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India; and if already selected will be removed from the position of a Probationer.

(a) Notice of the days and place of Examination will be sent to each Candidate about the end of May.
(b) The number will be announced hereafter.
(c) The fee will be £5, payable by means of a special stamp according to instructions which will be communicated to Candidates.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary, in order to secure that "a Candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer." (g)

7. The Examination will be conducted on paper and *vivâ voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained after the deduction above mentioned, a greater aggregate number of marks than any of the remaining Candidates, will be set forth in order of merit, and such Candidates shall be deemed to be Selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the Selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate. A Selected Candidate declining to accept the appointment which may be offered to him will be disqualified for any subsequent competition.

9. Selected Candidates, before proceeding to India, will be on probation for two years, during which time they will be examined periodically, with a view of testing their progress in the following subjects ;—(h)

(d) A considerable portion of the marks for English History and Literature will be allotted to the work selected by the Candidate. In awarding marks for this, regard will be had partly to the extent and importance of the periods or books selected, but chiefly to the thoroughness with which they have been studied.

(e) The examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

(f) The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a Native of good education.

(g) Marks assigned in English Composition and Mathematics will be subject to no deduction.

(h) Full instructions as to the course of study to be pursued will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

In these Examinations as in the open competition, the merit of the Candidates examined will be estimated by marks, and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one Examination. The Examination will be conducted on paper and *vivâ voce*, as may be deemed necessary. The last of these Examinations will be held at the close of the second year of probation, and will be called the "Final Examination," at which it will be decided whether a Selected Candidate is qualified for the Civil Service of India. At this Examination Candidates will be permitted to take up any one of the following branches of Natural Science, *viz.*—Botany, Geology, or Zoology, for which 350 marks will be allowed.

11. The Selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, and character, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, S. W." at any time after the 1st December 1880. The forms must be returned so as to be received at the Office of the Civil Service Commissioners on or before 1st April 1881. They should be accompanied by evidence on the first four of the points mentioned in Regulation 2, and by a list of the subjects in which the Candidate desires to be examined. (*i*)

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

(1.) *Selected Candidates will be permitted to choose, according to the order in which they stand in the list resulting from the open competition, as long as a choice remains, the Presidency (and in Bengal the Division of the Presidency) to which they shall be appointed ; but this choice will be subject to a different arrangement, should the Secretary of State, or the Government of India, deem it necessary.*(*k*)

(5.) *All Selected Candidates will be required after having passed the first periodical Examination, and before receiving the first instalment of their allowance, to attend at the India Office for the purpose of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.*

(6) *After passing the Final Examination each Candidate will be required to attend again at the India Office, with the view of entering into covenants. The stamps payable on these documents amount to £1.*

(7.) *Candidates rejected at the Final Examination of 1883 will in no case be allowed to present themselves for re-examination.*

(*i*) Evidence of health and character must bear date not earlier than 1st March 1881. Applications for leave to alter or add to the list of subjects named will not be entertained unless received on or before the 5th of May.

(*k*) This choice must be exercised immediately after the result of the Open Competition is announced, on such day as may be fixed by the Civil Service Commissioners.

The 4th February 1881

No. 25.—With reference to letter No. 21-751, dated 18th April 1879, from the Secretary to the Government of India, Home Department, to the Chief Commissioner of Mysore and Coorg, published at page 176 of the *Mysore Gazette* of the 17th May 1879, Part I the Chief Commissioner orders the publication of the following letter from the Secretary to the Government of India in the Home, Revenue and Agricultural Department.

By Order,

W. J. CUNINGHAM,
Secretary.

From the Offg. Secretary to the Government of India, To the Chief Commissioner of Coorg, Home, Revenue and Agricultural Department, Judl. No. 3—151, dated Fort William, the 24th January 1881.

In Home Department circular Nos. 21—746 to 753, dated 18th April 1879, instructions were issued with the object of securing the appointment of Natives of India to an increasing majority of higher offices in the Uncovenanted Service. Her Majesty's Secretary of State for India has recently decided that those instructions should not be held to apply to appointments under the Letters Patent of a local High Court, *e. g.*, to a Deputy Registrarship of a High Court, and further that, where the law directs that the incumbent of an office shall be a Barrister, it does not intend to impose any restriction as to the race or domicile of the person appointed, but simply to prescribe a condition.

2. As these rulings are of general application, I am to request that they may be observed in connection with the instructions contained in the circular cited above of 18th April 1879.

If the duty payable on the issues of arrack up to the end of any month be not sufficient to make up the amount of the monthly instalments of the minimum guaranteed revenue up to that month, the contractor shall pay such further sum as may be required to make up the deficiency. If the above payments are not made on or before the 15th of the month following that for which they are due, interest at the rate of 6 per cent per annum will be charged from that date on all the arrears outstanding; and should the default continue after the lapse of the month in which the payments are due, the arrears with the interest due shall be recovered by attachment and sale of the property of the contractor in the manner provided for by the Rules in force for the recovery of arrears of land revenue. X. Licenses for the retail shops will be issued in the usual form by the above officers on payment of such rates of license fees as may from time to time be fixed by the Chief Commissioner.

The licenses will provide for the sale of the arrack at the regulated prices and at the prescribed strength and for other necessary conditions. The retail vendors will be required to procure their liquor from such wholesale shops as may be named by the contractor. They will also be required to permit the contractor or his agent or any public servant duly authorized free access to their shops in order to see that no irregularities take place, and to keep true and correct accounts of the quantity and strength of liquor received by them each day and the prices charged for the same, and to produce the accounts for inspection whenever required by the contractor or his agents, or any Government official authorized to call for them.

XI. The following rules regarding the issue of the arrack from the Distillery shall be observed :—

If the above payments are not made on or before the 15th of the month following that for which they are due, interest at the rate of 6 per cent per annum will be charged from that date on all the arrears outstanding; and should the default continue after the lapse of the month in which the payments are due, the arrears with the interest due shall be recovered by attachment and sale of the property of the contractor in the manner provided for by the rules in force for the recovery of arrears of land revenue. Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Revenue),—dated 25th January 1881.

READ—

Letter No. 234 of the 13th August 1880 from the Deputy Commissioner of the Shimoga District regarding the prosecution under Section 68 of Act I of 1879 of persons other than licensed stamp vendors selling stamp papers for which they have no use.

No. 6255-66—REV. 1097, DATED BANGALORE, 25TH JANUARY 1881.

ORDER THEREON.—The provision in Section 68 of the new Stamp Act I of 1879 providing for the punishment of persons who, not being licensed, sell or offer for sale any stamps, appears to have been newly and expressly introduced with the object of putting an end to the irregular practice of private persons selling stamps for which they may have no use. There can be no hardship in this, as Section 54 of the Act provides for the refund of the value of stamp papers for which the purchasers may not have immediate use. The limitation of six months placed on applications for the refund would be of no use if the purchasers were permitted to sell the stamps to others after that period.

2. As the aforesaid provision in Section 68 of the Act may not be generally known, criminal prosecutions need not be resorted to till a month from the date of this order, which will be duly published in the Gazette. The Deputy Commissioners should instruct the Amildars and all vendors of stamps to make the order generally known.

RESOLUTION.

Fort William, the 14th January 1881.

No. 125.—Under Chapter VI of the Indian Stamp Act, 1879, provision is made for the renewal or refund of the value of stamps spoiled, or rendered useless or which for any reason are not required by the possessor, on the condition that application for such renewal or refund shall be made within six months from the date on which stamp was spoiled, or on which it was rendered useless, or on which it was purchased.

Instances have occurred in which this limit has operated as a serious hardship. Without any fraudulent motive, holders of spoiled or useless stamps are sometimes unavoidably prevented from applying for refund or renewal within the prescribed period, and so cannot, under the provisions of the Act, obtain any relief. In such cases an order of the Government of India is now necessary before refund can be sanctioned. For the future the Governor General in Council authorizes Local Governments to allow refunds or renewals of spoiled or useless stamps, or the re-purchase of stamps not required, provided that application for renewal or refund be made within one year from the date of purchase of the stamp or one year from the date on which the stamp has been spoilt or rendered useless.

ORDERED, that the foregoing Resolution be communicated to several Local Governments and Administrations for information and guidance.

R. B. CHAPMAN,
Secretary to the Govt. of India.

Notifications by the Chief Commissioner of Coorg.

GENERAL.

NOTIFICATION.

The 15*th February* 1881.

No. 26.—The following revised Rules for the sale of sandalwood by public auction in Coorg have been approved by the Chief Commissioner, and are published for general information in supersession of Notification No. 9, dated 31st October 1871 :—

I. PROCEDURE.

1. Every auction sale shall be held by the Forest Officer in charge of the Range, or other Officer deputed by the Conservator.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold. No transfer of a lot from one merchant to another shall be allowed. Any lot found to have been so transferred shall be again sold at the risk of the first purchaser, who shall bear any loss, but shall not participate in any profit that may arise.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II. PAYMENTS—HOW TO BE MADE.

4. Immediately after the sale, each purchaser will be furnished with a memo shewing the total amount due by him; and shall pay into the nearest Government Treasury 25 per cent of such amount as a deposit, before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer, and must be presented to the Forest Officer before the close of the third day. The Forest Officer will initial the receipt, and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to sell to other individuals all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise.

5. The whole quantity purchased by each merchant must be paid for within 90 days from the date of sale. Failing which the deposit money already paid in shall lapse to the Government, and shall not be counted as part payment. Moneys due may be paid into the Treasury of the Taluk in which the Koti is situated, or into the Sadder Treasury, but into no other.

III. Weighing out and Delivery of Wood.

6. Immediately after the sale, the Forest Officer shall personally see the whole quantity bought by each purchaser weighed out. Should any surplus be found, it shall be taken out; should any deficiency occur, the Forest Officer will make up the full tale of wood; stamp every piece that can be stamped, and take such precautions as shall preclude the lots being tampered with before final removal. The full tale of wood having been thus once made up, all loss which may afterwards arise from dryage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, the Forest Officer shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government; but all expenses necessary for the final removal of the wood from the Koti shall be borne by the purchaser.

7. No wood can be removed by any purchaser until the whole quantity bought by him has been paid for in full, and until a "License to remove" shall have been obtained from the Forest Officer. Should the purchaser appoint an agent to take over delivery of the wood, he shall certify that he has not resold the lot or lots to such agent, but that the latter is merely acting on his (the purchaser's) behalf.

IV. Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections, may be removed at any time within 90 days from date of sale without payment of koti rent. Such wood, if left in the kotis more than 90 days from date of sale, shall be charged with koti rent at the rate of (4) annas per khandi per mensem, from date of sale. Should the space occupied by such wood be required for the storing of new wood, the Forest Officer shall be at liberty, after giving the purchaser ten days' notice, to take the wood out of the koti, and deposit it without the walls at the expense and risk of the purchaser.

V. Licenses to Remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge of the Range shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such license. Any trader, or other infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in sections 14, 15 and 1[illegible] of the Coorg Forest Rules.

VI. General.

10. In conformity with standing Rules no sandalwood can be sold by private individuals within the Coorg Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty to stop the sale at any time without giving any reason to the intending purchaser.

By Order,

W. J. Cuningham,
Secretary.

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Revenue),—dated 25th January 1881.

READ—

Letter No. 234 of the 13th August 1880 from the Deputy Commissioner of the Shimoga District regarding the prosecution under Section 68 of Act I of 1879 of persons other than licensed stamp vendors selling stamp papers for which they have no use.

No. 6255-66—REV. 1097, DATED BANGALORE, 25TH JANUARY 1881.

ORDER THEREON.—The provision in Section 68 of the new Stamp Act I of 1879 providing for the punishment of persons who, not being licensed, sell or offer for sale any stamps, appears to have been newly and expressly introduced with the object of putting an end to the irregular practice of private persons selling stamps for which they may have no use. There can be no hardship in this, as Section 54 of the Act provides for the refund of the value of stamp papers for which the purchasers may not have immediate use. The limitation of six months placed on applications for the refund would be of no use if the purchasers were permitted to sell the stamps to others after that period.

2. As the aforesaid provision in Section 68 of the Act may not be generally known, criminal prosecutions need not be resorted to till a month from the date of this order, which will be duly published in the Gazette. The Deputy Commissioners should instruct the Amildars and all vendors of stamps to make the order generally known.

RAILWAY TRAFFIC.

INVESTIGATION INTO ACCIDENTS ON INDIAN RAILWAYS.

Circular No. XV Railway, dated Fort William, 2nd February 1881.

RESOLUTION—By the Government of India, PUBLIC WORKS DEPARTMENT.

Read again—

Act No. IV (the Indian Railway Act) of 1879.

Public Works Department Circular No. 22 Railway, dated 19th October 1875.

Do do No. III Railway, dated 7th January 1881, enclosing rules for enquiring into, and reporting on, serious accidents on Indian Railways.

OBSERVATIONS.—Under the rules lately issued for enquiring into, and reporting on, serious accidents on Indian Railways, certain Officers, to be called "Government Inspectors," are to be nominated for this duty.

2. The duty has been hitherto done by the Consulting Engineers to Government for Guaranteed Railways, and their Deputies; but the rapid increase of open lines of Railway within the last few years has rendered somewhat unequal the extent of their charges. It is essential that serious accidents should be enquired into with as little delay as possible, and it is therefore desirable that the Government Inspector should live near to the scene of accident. The Government of India considers, under these circumstances, that a redistribution of work among Consulting Engineers is necessary.

RESOLUTION.—The Governor General in Council is accordingly pleased to appoint the Consulting Engineers to Government for Guaranteed Railways as the "Government Inspectors" under the above read rules, and they are hereby authorized to investigate and report on serious accidents on Indian Railways.

2. They are also empowered to depute the same powers to any of their Deputies who have been duly appointed by Government to act as Deputy Consulting Engineers.

3. From the 1st March 1881 the circles of inspection shall be formed as follows, the Consulting Engineers investigating and reporting on all serious accidents on those Railways or portions of Railways stated against their names:—

(a).—Consulting Engineer for Railways, Madras (subject to the concurrence of the Government of Madras).	Madras Railway. South Indian Railway. Mysore Railway. All local lines within the Madras Presidency.

* * *

4. As regards Railways in British Burma, the Chief Commissioner of that Province will nominate an Officer independent of the Railway Department of the Province to perform the duties of Government Inspector.

5. The duties of the Government Inspector are detailed in the rules for enquiring into serious accidents. The Inspector should submit his report to whatever Government or Local Administration is directly concerned in the administration of the Railway on which the accident has happened.

ORDER.—Ordered, that this Resolution be forwarded to the Governments, Administrations and Officers marginally noted, for information and guidance; to the Foreign Department for communication to the Chief Commissioner of Mysore and to the Chief Commissioner of Assam for information.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners, Central Provinces and British Burma.
The Resident at Hyderabad.
The Agents to the Governor General for Rajputana, Central India and Biluchistan.
The Director General of Railways.
The Consulting Engineers for Guaranteed Railways.

Ordered also, that this Resolution be forwarded to the Heme, Revenue and Agricultural Department for information, and that it be published in the Supplement to the *Gazette of India*.

NOTIFICATION.

The 19th March 1881.

No. 27.—It is hereby notified for general information that, in accordance with the decision of the Secretary of State in his Despatch No. 35, dated 25th March 1880, the right of the State to metals and minerals is fully reserved in all waste lands in Coorg, the property of Government. In future sales and leases of waste lands for whatever purpose granted, unless and except for the express purpose of mining, the State right in mines and minerals and the right of access, and other reasonable conveniences for working them on behalf of Government, or of the assignees of Government will be expressly reserved. In the absence of express conditions to the contrary in the deeds of grant, the right of the State to metals and minerals is also reserved in all grants already made, save and except only such estates sold under the waste land rules whereof the fee simple has been redeemed under Rule XX of the Rules for the sale of waste lands; and the right of the State as aforesaid is reserved in all jamma and saga lands in Coorg and in the *bâne* and *barike* lands thereto attached.

2. Persons desirous of obtaining permission to mine for gold on Government waste land in the Coorg Province should apply for a mining lease to the Superintendent of Coorg specifying distinctly the situation of the land within which it is proposed to mine, and its boundaries as accurately as can be stated, together with its estimated area. Every application should be accompanied by a rough sketch of the tract applied for, or the approximate position of the lot required be marked on the survey plan.

No such lot shall exceed 30 acres in extent, nor will more than 30 acres in all, in one or more blocks, be given to one and the same applicant ; the breadth of each lot shall not be less than 70 yards. Applications will be dealt with in order of receipt by the Superintendent. On an application being accepted by the Superintendent, the lot or lots will be durably demarcated and surveyed at the cost of the applicant to whom a lease in the prescribed form will be granted on the following conditions :—

(1.) That the lease shall be for a term not exceeding twenty years.

(2.) That an annual rent of Rs. 5 per acre or portion of an acre shall be payable by two half-yearly instalments on such dates as may hereafter be determined.

(3.) That within 3 months from the date of the execution of the lease, not less than five laborers per acre shall be regularly employed during the ordinary hours of labor on *bonâ fide* mining operations *on each block* in such manner as the Government may approve. Returns of the number of laborers employed per diem shall be sent in to the Superintendent at the expiration of each month.

(4.) That the lease shall not be sub-let or assigned without the consent of Government being previously obtained.

(5.) That the lease shall be liable to forfeiture on failure to observe either of the conditions specified in clauses 2 and 3, or for any breach of clause 4, the Chief Commissioner being the final arbiter as to whether the conditions of the lease have been duly observed or not.

(6.) That the lease shall be renewable at the lessee's option on such terms as the Chief Commissioner for the time being may settle at the expiration of the original lease.

(7.) That during the term of the original lease, there shall be no liability to any royalty or other tax in addition to the rent specified in clause 2, except in accordance with the provisions of any Act or Regulation for the time being in force for the collection of local funds and with the further exception of any taxation which it may hereafter be found necessary to provide, at the expense of the lessees, the cost of such special police, communications, water supply, sanitation or other similar administrative arrangements as may, in the opinion of Government, be dictated in the interests of the local community immediately or directly affected by the results of the lessee's operations.

3. Without the written permission of the Superintendent previously obtained, the land applied for must not be entered upon, nor operations commenced.

4. Waste land required for purposes connected with mining operations, but not for actual mining, will be granted on Kaul or lease at the same rate per acre and under the same conditions as land granted for mining, clause 3 as regards the employment of laborers excepted.

5. No lessee or grantee of any block leased or granted under these rules for mining or other purposes shall divert any water course beyond the limits of the block leased or granted to him, and all water running waste on such block shall be returned to its natural channel within the limits of the same block. FINANCIAL DEPARTMENT.

ANNUAL EXAMINATION OF REVENUE AND JUDICIAL DEPOSIT ACCOUNTS.

To—The Deputy Commissioners of Districts, Treasury Department, Circular No. 1493, *dated* 10*th February* 1881.

With reference to standing orders, the Comptroller has the honor to request that the Deputy Commissioners will be good enough to scrutinize the deposit accounts of the District Treasury and take *immediate measures* for transferring to credit of Government under "XXIII-Miscellaneous" in the Treasury accounts of March 1881 (1) all deposit items not exceeding one rupee unclaimed for 12 months; (2) balances not exceeding one rupee partly repaid during the year; (3) also deposits of whatever amount unclaimed for more than three complete account years ending 31st March 1881.

Items under deposits which properly belong to other heads of account should be carefully scrutinized and transferred to their proper heads.

The sale proceeds of stray cattle kept in deposit for three months, and unclaimed within that time, should be credited to the Municipal or the District Fund to which they may belong. Fines improperly credited to deposits should be transferred to credit of Government under "Law and Justice," and refunded hereafter if claimed on an order of a Court.

The District Treasury Officers will attach to their accounts for March a detailed statement of all the items transferred under these instructions.

ANNUAL EXAMINATION OF DETAILED STATEMENTS OF SUMS CREDITED UNDER ENTRIES NOS. 4 AND 10, LOCAL REMITTANCES.

To—The Deputy Commissioners of Districts, Treasury Department, Circular No. 1494, *dated* 10*th February* 1881.

The Comptroller has the honor to state that from the detailed statements of balances outstanding on 31st March 1880 and the credits from April to December last under entries Nos. 4 and 10 Local Remittances which have been furnished by District Treasury Officers, it is evident that those headings have been employed by the Amildars to show a variety of items which do not properly belong to them but to deposit and other heads.

It is therefore requested that the District Treasury Officers aided by their Head Accountants will *personally scrutinize the entries thoroughly* in view to the adjustment of the items under their proper heads. Instructions should also be given to the Amildars to rectify their accounts without further delay in order to show correct balances for the year ending 31st March 1881.

The District Treasury Officers are requested to report their proceedings pursuant to this letter on 15th March next.

H. HUDSON,
Comptroller.

Proceedings of the Market Prize Committee.

3. Read—Proceedings of the Market Prize Committee and the list of prizes awarded on the morning of the 24th December 1880:—

Bangalore, 8th December 1880.

The Market Prize Committee assembled this morning at 7-30 A. M., agreeably to notice.

President.

Doctor J. H. ORR, C. B. Present.

Present.—G. G. Brown, Esq.
J. Ramaiya Naidu, Esq.
Abdul Husen Saib, Esq.
A. R. Sabhapati Modaliar, Esq.

Absent.—Captain D. J. S. McLeoad.
R. P. Campbell, Esq.
Standish Lee, Esq.

The Committee having carefully gone through and examined the Market Serjeant's books find that the highest number of marks have been obtained by the following parties :—

BEEF MARKET.—No. 10, *Rasul Saib*, they find, has obtained 712 marks against 715½ the highest number of last year, they adjudge him therefore the 1st prize. *No.* 1, *Ummar Saib*, has obtained 632 marks against 598 last year, 2nd prize.—3rd prize to No. 6 Abdul Sattar he having obtained 401 marks.

The total number of marks obtained by the parties to whom prizes have been awarded are thus shown to have amounted to 1,745 against 1,715½ last year, which fact taken in connection with the circumstances that much fewer bullocks have been slaughtered during the present year, goes to show that a better description of animal has during this period been offered for sale in our market to the public.

MUTTON MARKET.—The Committee find that *Balaji Rao*, No. 113, has obtained 2,225 marks against 1,779 by the same party last year and they adjudge to him therefore the 1st prize.

The 2nd prize they adjudge to *Nannubhayi*, Stall No. 51, he having obtained 1,644 marks against 1,773 last year.

Budan Saib, No. 106, has obtained the 3rd, highest number of marks, *viz.*, 809, which is about ⅓rd of the number obtained by Balaji and less than half of those obtained by Nannubhayi; the Committee do not consider therefore that this man is entitled to a money prize.

FRESH WATER FISH.—The Committee consider that there has not been sufficient competition among the dealers in fresh water fish to justify them in giving a prize to any one of these parties, but they would suggest that a prize be offered next year to the vendors of sea fish to whoever keeps up the best and most steadily maintained supply.

EGGS.—1*st prize Arokyam* Stall No. 2 she having obtained the highest number of marks, *viz.* 1,679.

2*nd prize to Ramaiya* Stall No. 3 he having obtained the next highest number, *viz.* 1,299.

ENGLISH VEGETABLES.—1*st prize to Kullappa* Stall No. 10 with 395 marks against 404 by the same party last year.

2*nd prize to Pullappa* Stall No. 9, with 322¾ marks against 288 last year.

FRUIT STALLS.—1*st prize to Erappa*, Stall No. 49, with marks 332.

2*nd prize to Gurappa*, Stall No. 38, with marks 291.

COUNTRY VEGETABLES.—1*st prize Biramma* Stall No. 12, with marks 350 against 345¾ last year.

2*nd prize to Ranyamma*, Stall No. 1, with marks 328 against 311½ last year.

POULTRY.—1*st prize to Chelvam* Stall No. 1, with marks 948 against 1,064½ last year.

2*nd prize to Kempa*, Stall No. 18, with 852½ marks against 986½ last year.

The Committee are of opinion that the figures now before them show that the markets have been well supplied during the year and that there has been a healthy competition among the several vendors, the results of which must be beneficial to the general public. The general arrangements of the market have also they consider been satisfactorily carried out.

As a sum of Rs. 10 remains unappropriated, they would recommend that this amount be given to the vendor of the best beef and mutton exhibited on the morning of the Show.

Administration of the Cantonment.

6. Read—Letter from Mr. Leonard, Municipal Commissioner, No. 5 Division, suggesting that steps should be taken at the next ordinary meeting of the Commissioners to elicit an expression of opinion from the Chief Commissioner as to the manner in which it is intended to carry out the Municipal administration of the Cantonment consequent on the approaching administrative changes in the Province.

Mr. Leonard's letter suggesting that steps should be taken at the next ordinary meeting of the Commissioners to elicit an expression of opinion from the Chief Commissioner as to the manner in which it is intended to carry out the Municipal administration of the Cantonment consequent on the approaching administrative changes in the Province having been read, the President observed that he had been informed by Mr. Gordon that it was intended to revert to the former system under which the Cantonment Magistrate was also by virtue of his office to be President of the Municipal Board ; he further explained the circumstances which led to the adoption of the present system of Municipal administration and read to the meeting an extract from the Proceedings of a meeting of the Board held on the 10th February 1870.

Mr. R. P. Campbell and other Commissioners, both European and Native, deprecated the change now proposed and which seemed to be regarded by all as a retrogade step and one that would prove injurious to the interests of the Municipality. After some further discussion the following resolution having been proposed by Mr. Leonard and seconded by Mr. Standish Lee was finally put to the meeting and unanimously agreed to.

Resolution.—That a Committee be nominated to sit at once for the purpose of drawing up a representation to the Chief Commissioner expressing the views of the Board on the changes now proposed to be introduced into the administration of the Cantonment Municipality and that the Committee wait personally on Mr. Gordon as a deputation from the Commissioners to explain further their views and sentiments. INSTRUCTIONS FOR ENUMERATORS.

The General Census is to be taken on the night of Thursday, the 17th February 1881, but in order to facilitate the work on that day, you are to commence from Monday, the 3rd January 1881, to fill in the Schedules for the people living in your block; and as soon as you have completed the record, you are to forward the Schedule Book to the Supervisor of your Circle who will examine and return the same to you. On the night of the General Census, *i. e.*, the 17th February 1881, it will only remain for you to visit every house in your block, and to make the necessary corrections in, and additions to, the entries already made, to shew the population as actually existing in your block on that night.

The following instructions are laid down for your guidance in filling in the Schedules, and should be carefully attended to.

A. How the Preliminary Record beginning on the 3rd January 1881 is to be prepared.

1. You will enter in the Schedule Book all the people living in your block. If there is not room for all in one book, another will be given you.

2. You must write very distinctly in Kanarese or English and in black ink.

3. The population should be recorded house by house. By "House" you will understand a building to which a separate number has been affixed.

4. You will take a fresh page for each house. If one page will not suffice for all the inmates of a house, they should be continued on the next page, but the names and particulars of the inmates of a fresh house must not be begun in the middle of a page.

5. The first person entered under each house should be the head of the house, whether male or female. The other members of the family, servants permanently living in the house, and any visitors stopping in the house should then be entered one after another.

6. You will enter all persons living in, or taking their meals from, the house at the time when the form is filled up, whether members of the family, servants, or visitors and strangers. You will not enter any persons who, though belonging to the family, are at the time absent on journeys, or temporarily residing elsewhere; but you will enter all persons living in the house though at the time sleeping outside or are out of doors, fishing or working in the fields or watching the crops, or, like yourself, away from home for some hours on Government business. As regards Hotels, Dâk Bungalows, Chatrams, Temples, and other similar buildings resorted to by travellers and pilgrims, their permanent residents only should be entered at the first counting, leaving the travellers and pilgrims and other temporary visitors at these buildings as well as in encamping grounds and roads to be counted and recorded on the night of the Final Census.

7. *Column* 1.—In this column you should enter a separate number in consecutive order for each person in the house, whether male or female, adult or child. If there are more families than one residing in the house, they will be entered in the Schedule one after the other on the same page which is allotted to the house and numbered in a single series for the house. The head-member of each family will be

entered first before the other members of the family and will be distinguished by the name being written in larger letters than the others with the words "Head member" prefixed to the name.

8. *Column* 2.—In this column the name of each person and relationship to the head member of the family should be entered. If the name of any female member or child is not known, or if there is any objection to telling it, it will suffice to designate such person as "Female" or "Child." The relationship to the head-member of the family should be written before the name, but it need be entered only where it can be easily ascertained. Servants and visitors will be entered as such.

9. *Column* 3.—In this column, each person should be distinguished as married, unmarried, widow, or widower. Young boys and girls who may have been married should be entered as married, even though they may not have actually begun to live with their wives or husbands. A male or female whose first wife or husband has died, should be entered as widower or widow, unless he or she has married again, in which case he or she is to be entered as married.

10. *Column* 4.—Enter "*Male*" or "*Female*" in every case.

11. *Column* 5.—In this column, the number of years of age completed last birthday should be entered in figure. In the case of infants under one year of age, enter the age in months in figure, but writing the word "Months" after the figure. If any person is unable to state his or her age precisely, do not leave column 5 blank, but fill it up with as much accuracy as you can from your own observation if the person is before you, or after enquiry from the other inmates of the house. You are forbidden to ask to see any female who is not voluntarily produced before you.

12. *Column* 6.—Here enter the main religious denominations to which each person belongs, *viz.*, Hindu, Muhammadan, Christian, Sikh, Brahmo, Jain, Buddhist, Jew, Parsi. If a person belongs to some aboriginal or non-Hindu tribe or other class not included in any of the above divisions, enter the name of his tribe.

13. *Column* 7.—In this column, the caste and the religious sect of the individual should be entered by the names by which they are locally known. General classifications of caste such as Brahmans, Sudras, &c., will not be sufficient. The particular sub-division of the caste and sect to which the person belongs should be entered; such as among Brahmans, Badaganadu Karnataka, Bobbur Kamme, Velnad, Murkinad, Vadama, Bruhachcharana, Hebbar, &c.: among Sudras, Gangadikar Vakkaliga, Namadhari Vakkaliga, Kunchiga, Halu Kuruba, &c: among outcasts, Holaya, Madiga: amongst Muhammadans, Syed, Shekh, Pathan, Moghul, Memon, Mapla, Labbe, Pindari, Kandahari; and as regards sects, Sunni, Shiya, Wahabi or Daira: and amongst Christians, Europeans, Eurasians and Native Christians, with the particular Church to which they belong.

14. *Column* 8.—"Mother-tongue" means the language ordinarily spoken in the household of each person's parents whether or no it be that of the locality in which he or she is residing at the time of the Census.

15. *Column* 9.—Here enter the name of the District and the Province in which the person was born. For those born within the Mysore Province, the name of the Province may be omitted and the District alone need be entered. If the person was born out of India, the country will be named; no further detail is needed.

16. *Column* 10.—The occupation of every male of the age of 15 and upwards, or the source from which he chiefly derives his income, should be shewn in this column. If he has several occupations, that one should be entered from which his income is chiefly derived. But if he combines agriculture with any other profession or

trade, such as that of a Government servant, vakil, or money lender, carpenter or smith, both occupations should be shewn. Caste should not be misentered for occupation. The occupation of a smith, potter or fisherman by caste who lives by agriculture should be entered as agriculture, and not as smithery, pottery or fishing.

Persons engaged in agriculture should be distinguished into (1) *Non-cultivating land-holders* (*i. e.* persons owning or occupying land but not carrying on or superintending the cultivation themselves.); (2) *Cultivating land-holders* (*i. e.* owners or occupants of land engaged in cultivation); (3) *Farmers* (*i. e.* cultivators of land for money or grain rent, but not possessing any right in the land); (4) *Agricultural servants*, (*i. e.* laborers employed on wages all the year round for ploughing or other field work or for tending cattle); and (5) *Day laborers* occasionally employed on wages for harvest or other special work connected with agriculture.

With regard to other occupations, the particular service, trade or handicraft carried on by the individual should be specified in the Vernacular term by which it is commonly known. General terms, such as servant, workman, shop-keeper, trader, &c., will not be sufficient.

Persons who live by begging should be entered as "Mendicants;" and persons who live by the wages of labor other than agricultural should be entered as "General laborers." When persons are temporarily unemployed, their last or ordinary occupation should be entered against them.

If subordinate male members of the family earn their livelihood by a separate occupation, such occupation will of course be entered against them. If they follow the occupation of the head of the family and take an active part in it, the same occupation should be shewn against them. If they are not actively employed in any occupation and simply depend on the head of the family, they will be entered as having "No occupation."

Where women earn a living by a special occupation or are actively employed in the occupation of their husbands or the heads of the families, the respective occupation should be entered against them. If they have no such occupation or are chiefly employed in domestic work such as looking after the house and children, cooking, &c., no entry should be made against them in this column.

Similarly this column should be left blank in the case of children and boys and girls under 15 years of age, unless they are engaged in any occupation in which case such occupation should be entered against them. Boys and girls at school are not to be regarded as following any occupation.

17. *Column* 11.—Enter those able to read or write as "*Knows*;" not able to read or write as "*Does not know*"; and still under instruction whether at school or at home as "*Learning*." Persons who can merely sign their names, but are not able to read or write, should be noted as "*Does not know*."

18. *Column* 12.—Enter as "*Lepers*" only those who are afflicted with the true or eating leprosy. Enter as "Deaf-mutes" only those who have been both deaf and dumb from birth. Enter as "Blind" only those who are blind of both eyes.

B. What has to be done at the Final Census on the 17th February 1881.

19. On the night of the 17th February 1881, beginning at 9 P. M. you will take the Schedule Book filled in already as above, and visit every house in your block in order and compare the people living in it with the entries already made in the Schedule Book.

20. If any persons entered by you in the Schedule have since died, or have left the house or are absent on journeys, you will score out their names by running a line across.

21. If any persons have newly arrived or been born in the house, and are at the time of your visit living in or taking their meals from it, whether at that moment actually in the house or out of doors on business within the village, you will enter their names with all the particulars required in the several columns at the end of the Schedule for that house.

22. When you have done with all the houses in your block, you will proceed to count the travellers, pilgrims and others in chatrams and similar places left out in the Preliminary record, and also those resting in encamping grounds, or who may be passing on the roads within your block, and enter them in the Schedule Book at the end under the head "Travellers" with all the particulars required for each of them in the several columns. For these persons there will be no house number and no number in column 1.

23. You are to understand that the Schedule Book as revised at the Final Census should contain all the people, residents as well as outsiders, as actually found living within your block at the time.

24. You should initial all the alterations and corrections made by you in the Schedule Book.

25. You are not to persist in inquiring the name of any female if there is any objection to giving it, or to ask any information not required for the purposes of the Census, as, for instance, the amount of any person's income; but all persons are bound to give you such information as will enable you to fill up the Schedule Book. Any Enumerator detected in extorting money on any pretext connected with the Census renders himself liable to be punished under the Penal Code.

The following additional instructions are issued for the guidance of the Enumerators:—

Addition to Rule 2.

1. In filling up the Schedule Forms, you should write in straight parallel lines, getting the forms ruled if practicable.

Addition to Rule 13.

2. In column 7 of the Schedule, Christians should be distinguished, as regards caste, into Europeans, Eurasians and Native Christians; and, as regards sect, into—

Church of England.	Wesleyans.
Roman Catholics.	Armenians.
Presbyterians.	Greeks.
Baptists.	Syrians.
	Others.

Addition to Rule 15.

3. In the case of immigrants employed in the Coffee and Malnad Districts the Enumerators should enter in column 9, in addition to the District, the Taluk and Village to which they belong.

Addition to Rule 16.

4. Females and other subordinate members of a cultivator's family taking an active part in cultivation, should not be entered in column 10 as "Cultivating land-holders" or "Farmers" unless they hold or farm lands separately. They should be entered under a separate head of "Subordinate cultivators." If they work for wages, they will be shewn under the head of "Agricultural servants" or "Day laborers" as the

Prisoners, Civil and Criminal, and those under trial should be entered in the column of Occupation 10 as "Prisoners," and the occupation ordinarily followed by them before their coming to prison should also be shewn in the above column.

Final Census.

5. In view to obviate the difficulty attendant on the taking of the Final Census at a late hour of the night in rural villages, the Census Commissioner has authorized the commencement of the enumeration at 6 P. M., or such time after sunset by which the villagers may be expected to have returned to their homes from their fields. In the larger towns, however, and in the villages near Railway Stations, the Census should commence at the hour originally fixed, *viz.* 9 P. M.

6. Notice should be given warning the people to be up and awake on the night of the Final Census, and have lights or fires burning till the Enumerator comes round.

7. At places where fairs or festivals may take place on the 17th February, it should be arranged that visitors who do not leave the place before sunset or 6 P. M. should remain there for the night till they are enumerated. Similarly carts and travellers should be told not to start on their journeys during the night till they are censused. In enumerating such travellers and floating population care should be taken to ascertain that they have not been censused elsewhere on the same night.

8. With regard to the wild tribes living in the jungles, and herdsmen with the Amrut Mahal and other cattle who may be out in the Kavals, and the Idigars or toddy-drawers who may live out in the toddy groves, arrangements should be made for securing their attendance in the villages on the night of the Census; and where this cannot be done, they may be enumerated in their jungle residences early on the morning of the 18th February.

18. *Column* 12.– Enter as "*Lepers*" only those who are afflicted with the true or eating leprosy. Enter as "Deaf-mutes" only those who have been both deaf and dumb from birth. Enter as "Blind" only those who are blind of both eyes.

B. What has to be done at the Final Census on the 17th February 1881.

19. On the night of the 17th February 1881, beginning at 9 P. M. you will take the Schedule Book filled in already as above, and visit every house in your block in order and compare the people living in it with the entries already made in the Schedule Book.

20. If any persons entered by you in the Schedule have since died, or have left the house or are absent on journeys, you will score out their names by running a line across.

21. If any persons have newly arrived or been born in the house, and are at the time of your visit living in or taking their meals from it, whether at that moment actually in the house or out of doors on business within the village, you will enter their names with all the particulars required in the several columns at the end of the Schedule for that house.

22. When you have done with all the houses in your block, you will proceed to count the travellers, pilgrims and others in chatrams and similar places left out in the Preliminary record, and also those resting in encamping grounds, or who may be passing on the roads within your block, and enter them in the Schedule Book at the end under the head "Travellers" with all the particulars required for each of them in the several columns. For these persons there will be no house number and no number in column 1.

23. You are to understand that the Schedule Book as revised at the Final Census should contain all the people, residents as well as outsiders, as actually found living within your block at the time.

24. You should initial all the alterations and corrections made by you in the Schedule Book.

25. You are not to persist in inquiring the name of any female if there is any objection to giving it, or to ask any information not required for the purposes of the Census, as, for instance, the amount of any person's income; but all persons are bound to give you such information as will enable you to fill up the Schedule Book. Any Enumerator detected in extorting money on any pretext connected with the Census renders himself liable to be punished under the Penal Code.

The following additional instructions are issued for the guidance of the Enumerators:—

Addition to Rule 2.

1. In filling up the Schedule Forms, you should write in straight parallel lines, getting the forms ruled if practicable.

Addition to Rule 13.

2. In column 7 of the Schedule, Christians should be distinguished, as regards caste, into Europeans, Eurasians and Native Christians; and, as regards sect, into—

Church of England.	Wesleyans.
Roman Catholics.	Armenians.
Presbyterians.	Greeks.
Baptists.	Syrians.
	Others.

Addition to Rule 15.

3. In the case of immigrants employed in the Coffee and Malnad Districts the Enumerators should enter in column 9, in addition to the District, the Taluk and Village to which they belong.

Addition to Rule 16.

4. Females and other subordinate members of a cultivator's family taking an active part in cultivation, should not be entered in column 10 as "Cultivating land-holders" or "Farmers" unless they hold or farm lands separately. They should be entered under a separate head of "Subordinate cultivators." If they work for wages, they will be shewn under the head of "Agricultural servants" or "Day laborers" as the

387

Prisoners, Civil and Criminal, and those under trial should be entered in the column of Occupation 10 as "Prisoners," and the occupation ordinarily followed by them before their coming to prison should also be shewn in the above column.

Final Census.

5. In view to obviate the difficulty attendant on the taking of the Final Census at a late hour of the night in rural villages, the Census Commissioner has authorized the commencement of the enumeration at 6 P. M., or such time after sunset by which the villagers may be expected to have returned to their homes from their fields. In the larger towns, however, and in the villages near Railway Stations, the Census should commence at the hour originally fixed, *viz.* 9 P. M.

6. Notice should be given warning the people to be up and awake on the night of the Final Census, and have lights or fires burning till the Enumerator comes round.

7. At places where fairs or festivals may take place on the 17th February, it should be arranged that visitors who do not leave the place before sunset or 6 P. M. should remain there for the night till they are enumerated. Similarly carts and travellers should be told not to start on their journeys during the night till they are censused. In enumerating such travellers and floating population care should be taken to ascertain that they have not been censused elsewhere on the same night.

8. With regard to the wild tribes living in the jungles, and herd men with the Amrut Mahal and other cattle who may be out in the Kavals, and the Idigars or toddy-drawers who may live out in the toddy groves, arrangements should be made for securing their attendance in the villages on the night of the Census; and where this cannot be done, they may be enumerated in their jungle residence early on the morning of the 18th February.

INSTRUCTIONS FOR ENUMERATORS.

The General Census is to be taken on the night of Thursday, the 17th February 1881, but in order to facilitate the work on that day, you are to commence from Monday, the 3rd January 1881, to fill in the Schedules for the people living in your block; and as soon as you have completed the record, you are to forward the Schedule Book to the Supervisor of your Circle who will examine and return the same to you. On the night of the General Census, *i. e.*, the 17th February 1881, it will only remain for you to visit every house in your block, and to make the necessary corrections in, and additions to, the entries already made, to shew the population as actually existing in your block on that night.

The following instructions are laid down for your guidance in filling in the Schedules, and should be carefully attended to.

A. How the Preliminary Record beginning on the 3rd January 1881 is to be prepared.

1. You will enter in the Schedule Book all the people living in your block. If there is not room for all in one book, another will be given you.

2. You must write very distinctly in Kanarese or English, and in black ink.

3. The population should be recorded house by house. By "House", you will understand a building to which a separate number has been affixed.

4. You will take a fresh page for each house. If one page will not suffice for all the inmates of a house, they should be continued on the next page, but the names and particulars of the inmates of a fresh house must not be begun in the middle of a page.

5. The first person entered under each house should be the head of the house, whether male or female. The other members of the family, servants permanently living in the house, and any visitors stopping in the house should then be entered one after another.

6. You will enter all persons living in, or taking their meals from, the house at the time when the form is filled up, whether members of the family, servants, or visitors and strangers. You will not enter any persons who though belonging to the family, are at the time absent on journeys, or temporarily residing elsewhere; but you will enter all persons living in the house though at the time sleeping outside or are out of doors, fishing or working in the fields or watching the crops, or like yourself, away from home for some hours on Government business. As regards Hotels, Dâk Bungalows, Chatrams, Temples, and other similar buildings resorted to by travellers and pilgrims, their permanent residents only should be entered at the first counting, leaving the travellers and pilgrims and other temporary visitors at these buildings as well as in encamping grounds and roads to be counted and recorded on the night of the Final Census.

7. *Column* 1.—In this column you should enter a separate number in consecutive order for each person in the house, whether male or female, adult or child. If there are more families than one residing in the house, they will be entered in the Schedule one after the other on the same page which is allotted to the house and numbered in a single series for the house. The head-member of each family will be

entered first before the other members of the family, and will be distinguished by the name being written in larger letters than the others with the words "Head member" prefixed to the name.

8. *Column* 2.—In this column the name of each person and relationship to the head member of the family should be entered. If the name of any female member or child is not known, or if there is any objection to telling it, it will suffice to designate such person as "Female" or "Child." The relationship to the head-member of the family should be written before the name, but it need be entered only where it can be easily ascertained. Servants and visitors will be entered as such.

9. *Column* 3.—In this column, each person should be distinguished as married, unmarried, widow, or widower. Young boys and girls who may have been married should be entered as married, even though they may not have actually begun to live with their wives or husbands. A male or female whose first wife or husband has died, should be entered as widower or widow, unless he or she has married again, in which case he or she is to be entered as married.

10. *Column* 4.—Enter "*Male*" or "*Female*" in every case.

11. *Column* 5.—In this column, the number of years of age completed last birthday should be entered in figure. In the case of infants under one year of age, enter the age in months in figure, but writing the word "Months" after the figure. If any person is unable to state his or her age precisely, do not leave column 5 blank, but fill it up with as much accuracy as you can from your own observation if the person is before you, or after enquiry from the other inmates of the house. You are forbidden to ask to see any female who is not voluntarily produced before you.

12. *Column* 6.—Here enter the main religious denominations to which each person belongs, *viz.*, Hindu, Muhammadan, Christian, Sikh, Brahmo, Jain, Buddhist, Jew, Parsi. If a person belongs to some aboriginal or non-Hindu tribe or other class not included in any of the above divisions, enter the name of his tribe.

13. *Column* 7.—In this column, the caste and the religious sect of the individual should be entered by the names by which they are locally known. General classifications of caste such as Brahmans, Sudras, &c., will not be sufficient. The particular sub-division of the caste and sect to which the person belongs should be entered; such as among Brahmans, Badaganadu Karnataka, Bobbur Kamme, Velnad, Murkinad, Vadama, Bruhachcharana, Hebbar, &c.: among Sudras, Gangadikar, Vakkaliga, Namadhari Vakkaliga, Kunchiga, Halu Kuruba, &c: among outcasts, Holaya, Madiga: amongst Muhammadans, Syed, Shekh, Pathan, Moghul, Memon, Mapla, Labbe, Pindari, Kandahari; and as regards sects, Sunni, Shiya, Wahabi or Daira: and amongst Christians, Europeans, Eurasians and Native Christians, with the particular Church to which they belong.

14. *Column* 8.—"Mother-tongue" means the language ordinarily spoken in the household of each person's parents whether or no it be that of the locality in which he or she is residing at the time of the Census.

15. *Column* 9.—Here enter the name of the District and the Province in which the person was born. For those born within the Mysore Province, the name of the Province may be omitted and the District alone need be entered. If the person was born out of India, the country will be named; no further detail is needed.

16. *Column* 10.—The occupation of every male of the age of 15 and upwards, or the source from which he chiefly derives his income, should be shewn in this column. If he has several occupations, that one should be entered from which his income is chiefly derived. But if he combines agriculture with any other profession or

trade, such as that of a Government servant, vakil, r money lender, carpenter or smith, both occupations should be shewn. Caste shou d not be misentered for occupation. The occupation of a smith, potter or fishern m by caste who lives by agriculture should be entered as agriculture, and not as sn thery, pottery or fishing.

Persons engaged in agriculture should be distin uished into (1) *Non-cultivating land-holders* (*i. e.* persons owning or occupying land b t not carrying on or superintending the cultivation themselves.); (2) *Cultivating nd-holders* (*i. e.* owners or occupants of land engaged in cultivation); (3) *Farmers* (*i. e.* cultivators of land for money or grain rent, but not possessing any right in t e land); (4) *Agricultural servants*, (*i. e.* laborers employed on wages all the year ro nd for ploughing or other field work or for tending cattle); and (5) *Day laborers* occa ionally employed on wages for harvest or other special work connected with agricultu e.

With regard to other occupations, the partic ular service, trade or handicraft carried on by the individual should be specified in the Vernacular term by which it is commonly known. General terms, such as se vant, workman, shop-keeper, trader, &c., will not be sufficient.

Persons who live by begging should be entered as "Mendicants;" and persons who live by the wages of labor other than agricultural should be entered as "Gneral laborers." When persons are temporarily unemployed, t eir last or ordinary occupation should be entered against them.

If subordinate male members of the family ea n their livelihood by a separate occupation, such occupation will of course e entered against them. If they follow the occupation of the head of the family a l take an active part in it the same occupation should be shewn against them. If hey are not actively employed in any occupation and simply depend on the head of e family, they will be entered as having "No occupation."

Where women earn a living by a special occu ation or are actively employed in the occupation of their husbands or the heads of the families, the respective occupation should be entered against them. If they ave no such occupation or are chiefly employed in domestic work such as looking after the house and children, cooking, &c., no entry should be made against them in this column.

Similarly this column should be left blank in th case of children and boys and girls under 15 years of age, unless they are enga ed in any occupation in which case such occupation should be entered against them. Boys and girls at school are not to be regarded as following any occupation.

17. *Column* 11.—Enter those able to read or rite as "*Knows*;" not able to read or write as "*Does not know*"; and still under inst uction whether at school or at home as "*Learning*." Persons who can merely sign t eir names, but are not able to read or write, should be noted as "*Does not know*."

18. *Column* 12.—Enter as "*Lepers*" only those who are afflicted with the true or eating leprosy. Enter as "Deaf-mutes" only those who have been both deaf and dumb from birth. Enter as "Blind" only those who are blind of both eyes.

B. What has to be done at the Final Census on the 17th February 1881.

19. On the night of the 17th February 1881, beginning at 9 P. M. you will take the Schedule Book filled in already as above, and visit every house in your block in order and compare the people living in it with t e entries already made in the Schedule Book.

20. If any persons entered by you in the Schedule have since died, or have left the house, or are absent on journeys, you will score out their names by running a line across.

21. If any persons have newly arrived or been born in the house, and are at the time of your visit living in or taking their meals from it, whether at that moment actually in the house or out of doors on business within the village, you will enter their names with all the particulars required in the several columns at the end of the Schedule for that house.

22. When you have done with all the houses in your block, you will proceed to count the travellers, pilgrims and others in chatrams and similar places left out in the Preliminary record, and also those resting in encamping grounds, or who may be passing on the roads within your block, and enter them in the Schedule Book at the end under the head "Travellers" with all the particulars required for each of them in the several columns. For these persons there will be no house number and no number in column 1.

23. You are to understand that the Schedule Book as revised at the Final Census should contain all the people, residents as well as outsiders, as actually found living within your block at the time.

24. You should initial all the alterations and corrections made by you in the Schedule Book.

25. You are not to persist in inquiring the name of any female if there is any objection to giving it, or to ask any information not required for the purposes of the Census, as, for instance, the amount of any person's income; but all persons are bound to give you such information as will enable you to fill up the Schedule Book. Any Enumerator detected in extorting money on any pretext connected with the Census renders himself liable to be punished under the Penal Code.

The following additional instructions are issued for the guidance of the Enumerators:—

Addition to Rule 2. 1. In filling up the Schedule Forms, you should write in straight parallel lines, getting the forms ruled if practicable.

Addition to Rule 13. 2. In column 7 of the Schedule, Christians should be distinguished, as regards caste, into Europeans, Eurasians and Native Christians; and, as regards sect, into—

Church of England.	Wesleyans.
Roman Catholics.	Armenians.
Presbyterians.	Greeks.
Baptists.	Syrians.
	Others.

Addition to Rule 15. 3. In the case of immigrants employed in the Coffee and Malnad Districts the Enumerators should enter in column 9, in addition to the District, the Taluk and Village to which they belong.

Addition to Rule 6. 4. Females and other subordinate members of a cultivator's family taking an active part in cultivation, should not be entered in column 10 as "Cultivating land-holders" or "Farmers" unless they hold or farm lands separately. They should be entered

413

under a separate head of "Subordinate cultivators." If they work for wages, they will be shewn under the head of "Agricultural servants" or "Day laborers" as the case may be.

Prisoners, Civil and Criminal, and those under trial should be entered in the column of Occupation 10 as "Prisoners," and the occupation ordinarily followed by them before their coming to prison should also be shewn in the above column.

Final Census.

5. In view to obviate the difficulty attendant on the taking of the Final Census at a late hour of the night in rural villages, the Census Commissioner has authorized the commencement of the enumeration at 6 P. M., or such time after sunset by which the villagers may be expected to have returned to their homes from their fields. In the larger towns, however, and in the villages near Railway Stations, the Census should commence at the hour originally fixed, *viz.* 9 P. M.

6. Notice should be given warning the people to be up and awake on the night of the Final Census, and have lights or fires burning till the Enumerator comes round.

7. At places where fairs or festivals may take place on the 17th February, it should be arranged that visitors who do not leave the place before sunset or 6 P. M. should remain there for the night till they are enumerated. Similarly carts and travellers should be told not to start on their journeys during the night till they are censused. In enumerating such travellers and floating population care should be taken to ascertain that they have not been censused elsewhere on the same night.

8. With regard to the wild tribes living in the jungles, and herdsmen with the Amrut Mahal and other cattle who may be out in the Kavals, and the Idigars or toddy-drawers who may live out in the toddy groves, arrangements should be made for securing their attendance in the villages on the night of the Census; and where this cannot be done, they may be enumerated in their jungle residences early on the morning of the 18th February.

Revenue Secretary.
